School Accountability Report Card Reported Using Data from the 2018—19 School Year California Department of Education

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fq/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

About Our School

Welcome to Scott River High School. It is a privilege to serve the families of Scott Valley as principal of Scott River High School. This School Accountability Report Card is designed to provide an understanding of our school's programs, progress and needs. At Scott River High School, we offer students a quality education in a safe, small, and supportive environment. Students are provided with opportunities that promote academic achievement and character development, equipping them with the skills necessary to be responsible and productive citizens. At SRHS we understand that all students learn differently and may not be suited for the regular education program. We provide a small class size and a more personal setting in which students may receive more instructional assistance. We provide a different instruction delivery system which supports students earning regular high school credits, making up credits, and in some cases, graduating early from high school. It is a pleasure to be able to offer these alternative styles of education to students within the Scott Valley Unified School District. These alternative forms include our new revamped Adult Education and Independent Study Programs and College of the Siskiyou classes.

School Description and Mission Statement (School Year 2019—20)

MISSION: Scott River High School is committed to promoting the success of every student by providing a learning environment that will facilitate intellectual, personal and social growth. We endeavor to help students be life-long learners, and to be college or career ready upon graduation. Scott River High School opened August 29, 1994 and is located in the beautiful Scott Valley, approximately 30 miles southwest of the County Seat of Siskiyou County, Yreka, California. The Scott Valley Unified School District serves an area of approximately 1,500 square miles and is composed of Etna High School, Scott Valley Junior High, Scott River High School, Scott Valley Community Day School, Fort Jones Elementary, Etna Elementary, and Scott River Adult Education program. Scott River High School serves students in grades nine through twelve with an average enrollment of approximately 12 students. The high school's attendance area encompasses all of Scott Valley, Quartz Valley, Sawyers Bar, Cecilville, and the Forks of the Salmon. The major occupations within the community are agriculture, logging, forestry, mining, tourism, and recreational businesses.

School Facility Conditions and Planned Improvements

Scott River High School provides a safe, clean environment for students, staff, and volunteers. The maintenance program is administered by SVUSD to ensure that all classrooms and facilities are maintained. Scott River High School moved into new facilities in 2000. The self-contained building includes two academic classrooms, an arts/crafts room, a computer lab, and a central commons area that includes kitchen facilities, an office, and three handicapped-accessible bathrooms. A small storage building is adjacent to a patio area. Safety of students and staff is a primary concern of Scott River High School. The school is in compliance with all laws, rules, and regulations pertaining to hazardous materials and state earthquake standards. The school's disaster preparedness plan includes steps for ensuring student and staff safety during a disaster. Fire, disaster and intruder drills are conducted on a regular basis throughout the school year.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

**CAASPP Test Results in ELA and Mathematics for All Students
Grades Three through Eight and Grade Eleven
Percentage of Students Meeting or Exceeding the State Standard**

Subject	School 2017–18	School 2018–19	District 2017–18	District 2018–19	State 2017–18	State 2018–19
English Language Arts / Literacy (grades 3-8 and 11)			48%	50%	50.0%	50.0%
Mathematics (grades 3-8 and 11)			48%	48%	38.0%	39.0%

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

Career Technical Education (CTE) Programs (School Year 2018—19)

It is the goal of Scott River High School that students understand the importance of academic subjects and experience how employees apply subject learning to work situations. The school's programs focus on preparing students to think conceptually, communicate effectively, and apply skills in real-world contexts. Instructional strategies that foster critical thinking, problem solving, leadership, and academic skills to ensure work-readiness skills. Numerous outside speakers are brought in to expand the students' focus toward jobs and vocations.
