Etna High School
2021-2022 School Accountability Report Card
(Published During the 2022-2023 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview	By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.
	For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at https://www.cde.ca.gov/ta/ac/sa/
	For more information about the LCFF or the LCAP, see the CDE LCFF web page at https://www.cde.ca.gov/fg/aa/lc/
	For additional information about the school, parents/guardians and community members should contact the school principal or the district office.
DataQuest	DataQuest is an online data tool located on the CDE DataQuest web page at https://dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).
California School Dashboard	The California School Dashboard (Dashboard) https://www.caschooldashboard.org/ reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.
Internet Access	Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2022-23 School Overview

Welcome to Etna High. Our school is an excellent place for students to prepare for college, careers, and their roles as citizens of the United States of America. Above all, we are responsible for providing our students with an education that will help them realize their greatest potential. Along with the specific content knowledge and skills our teachers provide in every course, we believe our classrooms should be special environments where students: Do meaningful and challenging work each day. Practice higher-order thinking skills. Solve problems, together and independently. Frequently express their ideas in writing. Speak before an audience—to persuade, inform, enlighten, and entertain. Function as independently as possible—thinking and creating with plenty of teacher encouragement, questions, and guidance. Grow as people who will want to pursue learning, beyond their days in school. Recognizing that many of our students' desire careers based on technical knowhow and skills, we believe it is important to offer a solid array of Career Technical Education courses and career pathways in which all students can participate.

Etna, established part of a gold rush community in 1891, lies 37 miles south of the Oregon border and 60 miles east of the Pacific coast. The town of Etna is located 27 miles southwest of Yreka, the county seat of Siskiyou County. Scott Valley is a high mountain valley bordered by the Trinity Alps and the Marble Mountains. Etna High School is part of the Scott Valley Unified School District which serves an area of approximately 1,500 square miles and encompasses all of Scott Valley, Quartz Valley, Sawyers Bar, Cecilville, and the Forks of the Salmon. Our school is one of five schools in the Scott Valley Unified School District. The others are Etna Elementary School, Fort Jones Elementary School, Scott River High School, and Scott Valley Junior High School. Etna High is the district's only comprehensive high school. It serves 190 students in grades 9 through 12. Our shared vision is that Etna High School is a learning community that helps all students become productive citizens through participation in academic, social and extracurricular opportunities. The school is a partnership of staff, students, parents, and community members dedicated to academic excellence and Lion Pride.

Etna High School's mission is committed to promoting the success of every student by providing a learning environment that will facilitate intellectual, personal and social growth. We endeavor to help students be life-long learners, and to be college or career ready upon graduation.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

2021-22 data was not included as part of the initial release of data on 1/13/23. The CDE has indicated that the data will be available after the 2/1/23 SARC deadline. The data will be populated when it is published by the CDE.

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments
(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).
4. **College and Career Ready**
   The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

SARC Reporting in the 2020-2021 School Year Only
Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options
Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2020-21 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-21 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-21 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-21 school year to other school years.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2020-21	School 2021-22	District 2020-21	District 2021-22	State 2020-21	State 2021-22

2021-22 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2021-22 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

2021-22 Career Technical Education Programs

Etna High School offers seven Career Technical Education Pathways within three separate Industry Sectors: Agriculture & Natural Resources, Hospitality, Tourism & Recreation, and Manufacturing & Product Development. In order to become a "pathway completer," students must complete all courses listed under their chosen pathway. It is not required for students to complete a pathway in order to graduate from Etna High School, but we highly encourage students to complete multiple pathways in order to develop multiple skill sets to build upon in their future endeavors. The Agricultural and Natural Resources sector includes the following classes: Sustainable Ag Biology, Ag Core, Ag Business, Ag Mechanics, Ag and Soil Chemistry, and Advanced Ag Science. The Hospitality, Tourism, and Recreation sector has Culinary Arts classes. And, our newest sector has these classes for the Manufacturing and Product Development pathways: Yearbook, Computer Graphics classes, Ag Woodshop, Ag Mechanics, and Ag CAD Manufacturing. The Director of School Operations, is the primary representative of the district's CTE Advisory Committee.

2021-22 Career Technical Education (CTE) Participation

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2021-22 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results.   Due to changes to the 2021-22 PFT administration, only participation results are required for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Grade 9	88.88	88.88	88.88	92.59	94.44

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2022-23 Opportunities for Parental Involvement

As the School Site Council, parents, students, teachers, and school support staff meet four times each year to analyze and discuss school issues, establish school goals, and conduct and evaluate the annual parent survey. Beyond welcome back day held each August, parents also attend various grade level sessions, presented by our counselor, that focus on academic progress, college/career preparation, scholarships, and financial aid. The parent newsletter, published and sent home each month via mail and email, includes the Counselor's Corner feature providing continual academic, career, and college information. In addition, many teachers maintain class websites and/or Google Classrooms supplying parents with specific course information regarding class activities, projects, and homework. Teachers also communicate with parents, individually, via email messages. The parent-run, athletic booster club, Lion Pride, meets each month to identify needs and provide significant financial assistance for Etna's extracurricular sports programs. Parents continually volunteer invaluable time and resources to our programs as field trip and away game drivers, event organizers, performers, speakers, and much more.

C. Engagement

State Priority: Pupil Engagement

The SARC provides the following information relevant to the State priority: Pupil Engagement (Priority 5):

- High school dropout rates;
- High school graduation rates; and
- Chronic Absenteeism

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-20 suspensions and expulsions rate data are not comparable to other year data because the 2019-20 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-20 school year compared to other school years.

Subject	School 2019-20	District 2019-20	State 2019-20
Suspensions	3.88	4.69	2.45
Expulsions	0.00	0.00	0.05

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

2022-23 School Safety Plan

Etna High School provides a safe, clean environment for students, staff, and volunteers. A team of custodians ensures classrooms, restrooms, and campus grounds are kept clean and safe. A scheduled maintenance program is administered by Scott Valley Unified School District to ensure that all classrooms and facilities are well maintained. The school is in compliance with laws, rules and regulations pertaining to hazardous materials and state earthquake standards. The school's Disaster Preparedness Plan includes steps for ensuring student and staff safety during a disaster. Fire and disaster drills are conducted on a regular basis throughout the school year. Members of the Safety Plan Committee revise the School Site Safety Plan annually.
